Address(es) of Property(ies): 53601 LANE ST ELKHART, IN 46514

I consent to officers, employees, contractors, and authorized representatives of the United States Environmental Protection Agency (EPA) entering and having continued access to the property described above (the Property) to perform the following investigation and response activities:

- (1) collecting samples of groundwater from the private well (if one exists);
- (2) collecting soil samples and, if necessary, indoor air samples;
- (3) collecting samples of groundwater from bore-holes advanced on the property;
- (4) installing groundwater monitoring wells on the property, if necessary;
- (5) performing other actions to investigate potential contamination on the property that EPA may determine to be necessary; and
- (6) taking any response action to address any release or threatened release of a hazardous substance, pollutant or contaminant which EPA determines may pose an imminent and substantial endangerment to the public health or the environment.

I realize that these possible actions by EPA are being undertaken pursuant to its response and enforcement responsibilities under the Comprehensive Environmental Response, Compensation and Liability Act of 1980, as amended, 42 U.S.C. Section 9601 et seq. These activities are necessary to investigate the extent of contaminated groundwater identified in the area. Signing this agreement does not necessarily mean the activities listed above will be performed on my property. Sampling may not be performed due to the presence of obstructions, such as the locations of utilities.

I give this written permission voluntarily, on behalf of myself and all other co-owners of the Property, with knowledge of my right to refuse and without threats or promises of any kind. I understand that EPA or authorized representatives of EPA will contact me before the start of any investigation activities. This document can only be signed by the property owner.

Address(es) of Property(ies):  
2501 Marine Drive Elkhart IN 46514

I consent to officers, employees, contractors, and authorized representatives of the United States Environmental Protection Agency (EPA) entering and having continued access to the property described above (the Property) to perform the following investigation and response activities:

- (1) collecting samples of groundwater from the private well (if one exists);
- (2) collecting soil samples and, if necessary, indoor air samples;
- (3) collecting samples of groundwater from bore-holes advanced on the property;
- (4) installing groundwater monitoring wells on the property, if necessary;
- (5) performing other actions to investigate potential contamination on the property that EPA may determine to be necessary; and
- (6) taking any response action to address any release or threatened release of a hazardous substance, pollutant or contaminant which EPA determines may pose an imminent and substantial endangerment to the public health or the environment.

I realize that these possible actions by EPA are being undertaken pursuant to its response and enforcement responsibilities under the Comprehensive Environmental Response, Compensation and Liability Act of 1980, as amended, 42 U.S.C. Section 9601 et seq. These activities are necessary to investigate the extent of contaminated groundwater identified in the area. Signing this agreement does not necessarily mean the activities listed above will be performed on my property. Sampling may not be performed due to the presence of obstructions, such as the locations of utilities.

I give this written permission voluntarily, on behalf of myself and all other co-owners of the Property, with knowledge of my right to refuse and without threats or promises of any kind. I understand that EPA or authorized representatives of EPA will contact me before the start of any investigation activities. This document can only be signed by the property owner.

Owner: [REDACTED] *Exemption 6 - 1 line*

Address(es) of Property(ies):

2404 Lane St Elkhart, IN 46514

I consent to officers, employees, contractors, and authorized representatives of the United States Environmental Protection Agency (EPA) entering and having continued access to the property described above (the Property) to perform the following investigation and response activities:

- (1) collecting samples of groundwater from the private well (if one exists);
- (2) collecting soil samples and, if necessary, indoor air samples;
- (3) collecting samples of groundwater from bore-holes advanced on the property;
- (4) installing groundwater monitoring wells on the property, if necessary;
- (5) performing other actions to investigate potential contamination on the property that EPA may determine to be necessary; and
- (6) taking any response action to address any release or threatened release of a hazardous substance, pollutant or contaminant which EPA determines may pose an imminent and substantial endangerment to the public health or the environment.

I realize that these possible actions by EPA are being undertaken pursuant to its response and enforcement responsibilities under the Comprehensive Environmental Response, Compensation and Liability Act of 1980, as amended, 42 U.S.C. Section 9601 et seq. These activities are necessary to investigate the extent of contaminated groundwater identified in the area. Signing this agreement does not necessarily mean the activities listed above will be performed on my property. Sampling may not be performed due to the presence of obstructions, such as the locations of utilities.

I give this written permission voluntarily, on behalf of myself and all other co-owners of the Property, with knowledge of my right to refuse and without threats or promises of any kind. I understand that EPA or authorized representatives of EPA will contact me before the start of any investigation activities. This document can only be signed by the property owner.
